enhanced driving experience

Powerful sensations and driving pleasure meet exceptional performance. With an optimized vehicle weight and the flat torque curve of the turbo charged engines paired with infinite gear ratio X-Tronic CVT transmission, accelerate from 0 to 100 km/h in 11 seconds.

Easy-to-view driving information on a sleek, contemporary 7-inch TFT cluster paired with multi-sense drive modes that alter steering, pedal and gear ratios (CVT), Renault Kiger adapts all to suit your driving needs.

athletic SUV

The new generation Renault Kiger takes a leap forward with its robust design shaped by dynamic athletic lines. Iconic SUV features are enhanced with imposing front and rear bumpers extending to the wheel arches, a ground clearance of 205 mm and functional roof bars. A modern SUV that is even more exclusive, featuring two new two-tone body colours with black roof.

The grille features the sharp design of Renault's new identity, enhanced by the distinctive and high-performance tri-octa LED head lamps. The sculpted tail lights and 16-inch alloy wheels amplify its bold, sporty character.

tech on board

Technology designed for you, featuring a 8-inch central touchscreen with wireless smartphone replication to access your favorite apps. Enjoy compatibility with Apple CarPlay® and Android Auto™. Feel the beat with Arkamys® tuned signature sound . Daily life simplified: the doors unlock automatically as you approach with the hands-free card.

Essential driving information always at your fingertips with the 7-inch Thin Film Transistor (TFT) cluster featuring widgets attuned to each driving mode.

Start with the touch of a button, and stay connected at all times through wireless smartphone replication. Get fast cable-free charging by placing your smartphone on the wireless charging dock.

comfortable and convenient

Functionality and comfort are reimagined with new ventilated leatherette front seats and a refined two-tone interior aesthetic. The carefully designed cabin space offers class-leading roominess, along with one of the best rear knee room measurements, providing up to 222 mm of comfort.

The spacious 405 L trunk provides a solution for all your trips, enhanced by an additional loading capacity of up to 50 kg on the sturdy roof rails.

The cabin offers up to 29L of practical, well designed interior storage space throughout.

**the human first program
is a comprehensive safety
program developed by Renault
in collaboration with researchers,
experts and fire-fighters.**

**because road safety is the business
of all road users – be they pedestrians,
cyclists or motorists – the human first
program by Renault undertakes to:**

- 1. prevent accidents by developing safety equipment
and advanced driving and safety assistance systems**

up to 32 advanced driving assistance systems/more than
60 safety systems, up to 7 airbags, child seats (Isofix), Renault's
Fixe4sure solution/more than 2,000 safety-related patents
filed since 1970

- 2. manage accidents once they have happened by drawing
on innovations developed in collaboration with fire-fighters**

QRescue/Fireman Access/more than 5,000 fire-fighters
trained over the past 10 years in 20 countries throughout
the world/around 400 cars given per year for their training

- 3. reduce the number of accidents and their severity
by investing massively in R&D**

safety score/safety coach/connected services/big
data/artificial intelligence and cybersecurity systems
